The Founding Vice-Chancellor

Dear Students and Parents,

We are the youngest and the 25th National Law University (NLU) of the country. We take pride in introducing ourselves as the National Law University Tripura. ***We welcome you to take admission with us for the academic year 2024-25*** and start your academic journey of legal education in the majestic State of Tripura, located in the less explored region of Northeastern India, known for its pristine natural beauty.

As the founding Vice-Chancellor of NLU Tripura, I must say that choice to study law is not merely a decision to identify your branch of graduating degree. Legal Education is a conscious decision to remain committed to the larger aim of being a champion of justice delivery wherever you go. My dear young friends and aspiring lawyers, studying law is a life changing decision. The qualifiers of legal education and degree holders are always looked upon by the society as guardians of their rights.

Law School is always the base station for all legal professionals who make it big in their career. Law offers umpteen number of global career choices. As the new generation of National Law University, we have designed a need-based curriculum which will not only adhere to the regulations of the Bar Council of India and the University Grants Commissions but will also be industry centric. From the very beginning one of our primary focuses will be to facilitate global research and industry exposure to the students of NLU Tripura. I also want all my prospective law students of NLU Tripura that be proud of your decision to study law while you enter a law school. It may interest you to know that most of our freedom fighters and the members of the Constituent Assembly who drafted the Constitution of India were members of the Bar.
